Subject: RE: low sulphur fuel in Hachinohe

Hi Jakob,

We have received following from our local Japan team:

Quote//

There is only domestic MDO (dmb, sul max 1.0%) with limited avails at Hachinohe.

One alternative option will be limited 1,000KL bunker barges from Tokyo Bay but there are only three barges available and priority to arrange for domestic shipping company by their term contracts.

//Un-quote

Kind regards

Lars Olsen
